www.hartfordparking.com

This new facility has 2,290 parking spaces and is open 24-hours per day, 7-days per week, and 365-days per year.

The garage employs a state-of-the-art access control system. For monthly parking patrons, an "automated vehicle identification" (AVI) system will be used. The system uses a battery-operated transponder that **must be affixed to your windshield behind the rear view mirror**. Ceiling mounted antennas are installed over each lane that will read the transponder signal as you enter or exit the garage. The system is not designed to be a high-speed access system, you are required to drive slowly into the lane and wait for the gate to rise.

The garage has 8-vehicular access lanes located off the central connector road, which runs from Morgan to Talcott Streets. Two of the vehicular lanes located off of the Connector Road are reversible to meet the morning ingress and evening egress traffic demand. There is also access from Columbus Boulevard.

Security & Other Services:

Monthly Parking – How to Pay:

The monthly parking fee is payable in advance, due by the 1st of each month.

Failure to submit payment by the end of the **first day of the month** will result in deactivation of your transponder. Full payment and a late fee of \$15.00 will be required to reactivate the transponder.

A \$50.00 deposit is required for all transponders issued. Upon termination of your monthly parking arrangement, this deposit will be returned, provided that the transponder is in satisfactory condition, and your account is in good standing.

A charge of \$25.00 will assessed for Returned Checks.

Failure to return transponder within 30 days of termination/deactivation will result in forfeiture of deposit.

Transponder Use

The transponder is issued to the individual/who completes the enclosed application and is intended solely for their use. This transponder permits one individual to park one vehicle in the garage at any one time. Do not remove it from your vehicle and allow others to attempt to use it. Each entry into the parking facility must be followed by an exit. Failure to remain in the entry/exit sequence will result in the system placing your transponder in "pass back" mode and rendering your transponder inactive. Should this occur, the posted hourly rate will be assessed.

The transponder must be affixed to your windshield behind the rear view mirror.

Garage Regulations

Each access into or out of the garage is monitored and recorded into the HPA access control system. In the event that your transponder has been used improperly; as determined by the Hartford Parking Authority, you will be notified.

Improper use of the transponder , reckless driving, failure to obey posted signage or any other improper operating of your vehicle may result in deactivation of your transponder, loss of your deposit and/or your future monthly parking privileges will be terminated.

The garage speed limit is 10 mph at all times.
